

Don't just produce another CE program —
deliver a fully-integrated and custom-branded **CE Experience!**

About Agility CE[™]

Agility CE[™] by Element is a fully-integrated system for delivering non-interactive, RACE-Approved CE programs online. It can be used to deliver every aspect of an online CE program from digital invitations, online content delivery and automated follow-ups – or the solution can be used to support operational aspects of live seminar and interactive webinar events such as data capture, test taking, automated certificate download and post-CE follow-up.
